From the Marfreesboro' Telegraph. The Party at the Stewart House on

Thursday Evening. The young gentlemen of Murfreesboro' and vicinity gave a party at the Stewart House on Thursday evening, in honor of Mr. J. H. Elliott and his bride, who were expected to be in our city previous to that time, but unfortunately they did not arrive; still the party went on. There was a large app-ared to enjoy themselves intensely. Those present amused themselves in various ways, according to their taste in conversation, promenading and dancing. The supper table was adorned in the most elegant style, and laden with the richest visude. casion. The whole affair passed off in the most pleasant manner possible, and reflected much credit upon the gentlemanly managers, and the worthy landlord of the Stewart House and his excellent lady. It was just the splendid affair that might have been ex-

Taken altogether, it was one of those happy reunions in which the young enjoy themselves intense-

"And makes age smile and dream itself to youth again," We confidently expected, in response to an invitation, to make one of the Nashville representation at the above mentioned re-union, but was prevented by circumstances beyond our control. We are much pleased to say that those who did attend from our city came away highly delighted. They found that in the gallantry and nigh bred courtesy of her sons, and the beauty and intelligence of her daughters, Rutherford can compete with any portion of our noble State. They speak in the most laudatory terms of Mr Stewart, under whose superintendence the affair was conducted. He prepared for them such a feast as no one would have thought possi. | an anonymous article in the "Herald" reflecting ble in a small inland city. It would have been creditable to the getter up any where, and has added June 4. largely to the reputation bitherto enjoyed by Mr. S., for good management in that line. Long may he and his excellent hotel flourish!

CONSUL TO ASPINWALL .- Gen. B. F. Cheatham, of this city, has received the appointment of Consul establishment. The cause is not to be found in the to Aspinwall, in New Granada. The General has increased fastidiousness or captiousness of their the talent, energy, and resolute determination ne- tastes, nor in the paucity of the stock or inelegance cessary to the efficient discharge of the duties of the of the styles. No; we must look for it in some position, now more responsible than usual, on ac other quarter. Their fancies, to tell the truth, have count of the delicate relations between the two | been bewildered by the great variety and beauty of countries, and the ill-will of the people of New | the assortment to choose from. They experience Granada, residing on the Ist mus, towards citizens such sensations while beholding it, as one feels of the United States. We wish him the greatest in a rich conservatory surrounded by the rarest ex-

Mr. Quincy DEGROVE will oveliest of nature's handiworks. also sustain a character. Secure seats early.

We learn from the Murfreesboro Telegraph, that Mesers Huggins & Ramsom, have constructed a rollroad to connect their Flouring Mills, with the Chattanooga Railroad. The Telegraph say : This road has been brought to a speedy completion through the able and efficient management of the President to the whole audience, told off A-y-e-r-s C-a-t-k-a-r-Mr. W. S. Huggins, and the energy of Mr. Loyd, Lie P-i-les. Homer [N Y] Whig. the Contractor. The Iron Horse can now come right up to the door of the Mill and unload its cargo of wheat, and receive its load of Flour,

Mesers. Huggins & Ramsom, the enterprising owners of the Mills are building large additions to to it, and as soon as the new crop of wheat comes in, they will manufacture flour on a large scale, They are now engaging wheat at fair prices.

These Mills are of vast advantage to the surrounding county, as they furnish a ready market for all the wheat that is grown in Rutherford and surrounding counties.

BONNETS .- Irby Morgan & Co., have just received a choice lot of White Silk Bonnets of the latest styles, and some very superior ladies' dress goods, to which they ask the attention of retailers. They are offering these goods at low prices.

Giers & Byington's Gallery of Fine Arts. This establishment, corner of Denderick st. and the Square, has just been newly fitted up in splendid style with every convenience, and the proprietors have spared no expense in making it one of the finest Galleries in the South western country. Their side and sky-lights are the best in the city, and the ladies will find a fine Piano, as also, a commodious dressing room, fitted up exclusively for them. They pledge themselves that their pictures shall not be surpassed by any artist in the city, and invite the public, and the ladies particularly to call and examine their Gallery, Specimens, etc. All in want of fine and life-like ambrotypes will find it to to their advantage to give them a call.

LONGEVITY OF MULES. - The Medical World says that there is a mule in possession of a farmer near Ballingloss, Ireland, which has been employed in the transit of ammunition, &c., to Vinegar Hill, since 1898. There is a saying that a white mule lives longer than any other mule. Some years ago, one of that color on Middleton's estate, in South Carolina, was over eighty years old, and was still at

VOLUNTEERS GOING INTO SERVICE IN FLORIDA .-The War Department has assented to a request of Governor Broome, of Florida, that a regiment of regular troops be substituted, but not exceeding ten companies of mounted volunteers for the purpose of more vigorously and effectively prosecuting hostilities during the summer against the Indians in that State. The volunteers, being citizens of Florida and consequently acclimated, will be much better prepared than regular troops to undergo the fatigues and hardships of a summer campaign.

The Hon. W. L. Underwood has received the American nomination for Congress in the Bowling Green District, Kentucky.

The amount of Cotton received at all ports up to latest dates shows a decrease decrase of 539,260 bales, as compared with the receipts to same date last year.

STATUE OF WASHINGTON .- Gov. Bragg of North Corolina, under a resolution passed by the legislature of that State has contracted with W. J. Hubard, of Richmond, for the casting of a brouze statue of Washington, after the one now in the Capitol of Virginia. The work is to cost \$10,000, and when finished is to be placed in front of the Capitol at Raleigh.

A FUNNY EXPLOSION .- The Buffalo Commercial B ya " A baggage-man at the Central Depot yesterday, while bandling a trunk in the usual slam-bang manner of that useful class of citizens, threw it down with such force as to explode a pistol within. The pistol exploded a canister of powder, the power exploded the trunk, and the trunk exploded the baggage-man, tumbling him neck over heels; and served him right at that. If such an accident could happen semi occasionally, it would be a glorithing. It might kill a few baggage-smashers, but the community could endure that loss in consideration of the gentler handling which their luggage would receive.

PECAN NUTE. - A letter-writter, addressing the United States Patent office, from Kerr county, Texas, expresses surprise that the department has not noticed the pecan but, which grows abundantly in Texas. About 200,000 bushels of the nut have been exported from that State to Europe and elsewhere, producing \$400,000. One tree will often produce from 15 to 20 bushels, worth from \$30 to\$40.

PLUCK .- Dr. John Thomas, Bishop of Solisbury, England, was married four times. The motto on his wedding ring, at his tourth marriage, was: "If I survive

I'll make them five."

STEAMBOAT AND RIVER NEWS.

The river continues to fall slowly. There are about 82 feet water on the Shoals. The Cubs came up Saturday, and departed again

for Paducab. The Hastings left for Pittsburgh. The J. G. Cline departs to-day for Memphis. Trial of Mowing Machines.

The committee appointed by the Davidson county place for testing the relative merits of the various mowing machines to be exhibited, have selected the farm of Dr. John Shelby, near Nashville, the trial to take place on Thursday, June 11th, at 10 o'clock, A. M. The committee consists of the following

Wm. P. Campbell, James C. Owen, and Perkins Cannon, Williamson county; James Harlen, and Albert C. Franklin, Summer county; J. Y. Blythe, Wilson county ; John Hill, and Wm, L. Watkins, number of gentlemen and ladies in attendance, who | Rutherford county; Berj. Harlan, Maury county; Dr. J. Shelby, D. H. McGavock, Thos. B Johnson, Aris Brown, and L. K. WM. G. HARDING, Pres't. L. P. WILLIAMS, Sect'y.

We learn from a gentleman who came up on the Georgia Train yesterday afternoon, that a duel was fought near Hamburg, South Caroline, at 6 o'clock on that morning, between J. H. Morefield, Esq., and Dr. T. L. Appleby, editors of the Chambers (Ala.,) 'Herald," of the one part, and Messrs. J. W. Phillips, and J. S. Prather, editors of the "Tribune," of the other part. After the first fire, the wounded honor of the parties was healed, and the matter compromised. No blood spilt. Chickering and Sons' Piano Fortes. AT THE EIGHTH EXHIBITION OF THE

MASSACHUSETTS CHARITABLE MECHANIC ASSOCIATION in 1856, Report of the Judges,

HENRY K. OLIVER, LEVI P. HOMER. J. C. D. PARKET. OTTO DRESEL, GEO. M. WARREN, The following instruments were offered for examination, in competition for awards :-Forty-eight Piano Fortes, subdivided as follows: Nineteen Grands

Thirty-three Equares. In the department of Piano Fortes, the committee, uniting into one class, as is obviously correct, the Grands, Semi Grands and Parlor Grands, recommend the following awards:

Chickering & Sons, for their Grands, Semi-Grands, and Parlor-Grands, for most decided and meritorious Improvements

Two Parlor Grands

Chickering & Sons, for the two best Square Piano Fortes, of Seven Octavo each, the first Sliver Medal. The committee, in coming to a decision upon the merits of the several instruments of which they have just determined their award, were of entire unanimity. They did not hesitate for a moment in deciding that the Grand Piano Fortes from the justly celebrated house of the Messrs, Chickering & Sons, were not only altogether manifestly superior to all competitors at the present Exhibition, but were an equally manifest, and greatly advanced improvement over the well-commended production of the same as ablishment offered at anterior habitions. And the committee not only feel to be a pleasure, but an obvious duly, to congratulate the present heads of this long established house, that they have as well sustained its high repute. The memory of the good name, and of the good deeds, and of the great skill of its founder, shall long be cherished; and it is a matter of equal satisfaction and price that the garment of praise he has so fairly won and wore, has fallen upon shoulders worth: to receive and able to honor it.

The Semi-Grands of Chickering & Sons, and a Parlor-Grand by the same firm, were superb instruments; and this last had the several varieties of Grands, Semi-Grands, and Parior-Grands been kept distruct in class, would have been entitled, a highest award, both for it own in rinsic merit, and as a new and meritorious invention. But all these were unitied into one class, and the award was made accordingly. The Parior-Grand, first examated from the house of Chickering & one class, and made its appearance at the exhibition of 18'3, and the committee of that year awarded to it a Gold Medal; but inasmuch as the intellemented head of the firm was a member of the then Government of the Society, the award could not be confirmed consistently with the laws of the Association. It would afford the committee great satis-

ction could this award be now confirmed. That the judgment of the committee may be distinctly understood, they now repeat their awards on the class of in truments under discussion. They put the several varieties into one class, and they award to Chickering & Sons the first premium, to cover the three varieties offered by them—Gold Medal.

In the class of Square Piano Fortes, the awards of the committee were made with equal unanimity. The instruments It is not necessary to discuss the merits of the other Square Plano Fortes in detail. Those to which awards have been assigned are placed in the order of their merit, as adjudged by the committee, and these of which special men made are passed by as not coming up to a just standard of excellence.
